Independent Auditors' Report

The Plan Administrator
SEI Investments Capital Accumulation Plan:

We have audited the accompanying statement of net assets available for benefits of SEI Investments Capital Accumulation Plan (the Plan) as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the plan administrator. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001, and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the plan administrator. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KPMG LLP

June 21, 2002

Report of independent public accountants

To the Plan Administrator of SEI Investments
Capital Accumulation Plan:

We have audited the accompanying statements of net assets available for benefits of SEI Investments Capital Accumulation Plan (the Plan) as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements and the supplemental schedule referred to below are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements and supplemental schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000 in conformity with accounting principles generally accepted in the United States.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the accompanying index is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SEI INVESTMENTS CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(1) Plan Description

(a) General

The following description of the SEI Investments Capital Accumulation Plan (the Plan) provides only general information. The Plan, a contributory defined contribution plan, was established effective January 1983 by the Board of Directors of SEI Investments Company (the Company). Participants should refer to the Summary Plan Document for a more complete description of the Plan's provisions. The Plan's sponsor is the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan provides retirement benefits, including provisions for early retirement and disability benefits, as well as a tax-deferred savings feature. Generally, an employee will become eligible to join the Plan after the completion of his or her first hour of employment. However, certain employees are not eligible to become participants in the Plan. Any salary deferral contribution election will not be effective until a later date as described in the Summary Plan Document. A participant may make tax-deferred contributions to the Plan up to the lesser of 15% of eligible compensation or \$10,500 for the calendar year 2001, which are deposited into a "deferral account." All Company contributions are discretionary and will be made out of available profits of the Company. The Company's matching contribution may not exceed 4% of the participant's annual eligible compensation and will be credited to the participant's matching contribution account. In addition, the Company may make a contribution to all participants that will be allocated among eligible participants in the same proportion that each participant's compensation bears to the aggregate compensation of all participants. These contributions will be credited to the participant's profit-sharing account.

A participant is eligible to receive Company contributions at the point when the participant is eligible to contribute to the Plan. The Company's matching contributions to the Plan were \$4,496,911 and \$2,261,347 for 2001 and 2000, respectively. The Company made no other discretionary contributions during 2001 and 2000.

(b) Investment Options

As of December 31, 2001, contributions may be invested in the following investment options: SEI Stable Asset Fund, SEI Core Fixed Income Fund, SEI Large Cap Value Fund, SEI International Equity Fund, SEI Small Cap Growth Fund, SEI Large Cap Growth Fund, SEI Diversified Moderate Growth Fund, SEI Diversified Global Growth Fund, SEI Diversified Global Stock Fund, SEI Diversified Conservative Fund, SEI Emerging Markets Equity Fund, SEI Daily Income Treasury II Fund, and SEI Investments Company Common Stock Fund.

A description of each investment option is provided below:

SEI Stable Asset Fund - This fund is designed to maintain the value of the money contributed to the Plan and earn interest. The fund invests mostly in guaranteed investment contracts purchased from insurance companies and other financial institutions that are either highly rated (AAA or AA) or guaranteed by the U.S. government or its agencies. This fund's contract value approximates fair value.

SEI INVESTMENTS CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2001 and 2000

SEI Core Fixed Income Fund - This fund invests in government and corporate bonds and is structured to earn income without significant price improvement.

SEI Large Cap Value Fund - This fund is structured to invest in equity securities of large companies. This fund invests in the stocks of companies whose prices appear low relative to certain fundamental characteristics such as earnings, book value, or return on equity. The value of the fund will rise and fall based on these companies' performance.

SEI International Equity Fund - This fund purchases equity securities in companies outside of the United States. The majority of these investments are made in European and Asian companies that have a long-term potential for growth.

SEI Small Cap Growth Fund - This fund invests in equity securities of small companies. The object of this fund is to allow the investment to grow as the companies grow.

SEI Large Cap Growth Fund - This fund invests in equity securities of large companies. The object of this fund is to allow the investment to grow as the companies grow.

SEI Diversified Moderate Growth Fund - This fund seeks to provide long-term capital appreciation with a limited level of current income through investments in equity and fixed-income funds, including non-U.S. equity funds.

SEI Diversified Global Growth Fund - This fund invests primarily in other equity funds. The object of this fund is to provide long-term capital appreciation through participation in both U.S. and international equity markets.

SEI Diversified Global Stock Fund - This fund is designed to provide long-term capital appreciation through participation in the global equity markets. The fund achieves this goal primarily through investment in both U.S. and non-U.S. equities.

SEI Diversified Conservative Fund - This fund invests primarily in money market and fixed income funds to provide current income with the opportunity for capital appreciation.

SEI Emerging Markets Equity Fund - This fund seeks to provide capital appreciation by investing primarily in a diversified portfolio of equity securities of emerging market issuers.

SEI Daily Income Treasury II Fund - This fund seeks to provide higher current income than that typically offered by a money market fund by investing primarily in U.S. Treasury and agency obligations.

SEI Investments Company Common Stock Fund - This fund seeks long-term growth by investing in shares of the Company's common stock, which is publicly traded on NASDAQ under the symbol SEIC.

Participants are immediately vested in their salary deferral contributions to the Plan and all employer contributions credited to their accounts at the time of contribution plus any earnings (losses) thereon.

SEI INVESTMENTS CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2001 and 2000

Amounts in participants' accounts will be distributed in the form of installments, an annuity, lump-sum amount, or a combination thereof to participants or their beneficiaries upon termination of employment, retirement, death, or total disability. Employee contributions in a participant's deferral account may be withdrawn during employment after the employee reaches age 59-1/2 or upon showing immediate and substantial financial hardship.

Under the tax-deferral feature, a participant is eligible for a loan amount not to exceed the lesser of \$50,000 or 50% of the participant's account balance (excluding the voluntary contribution account balance) reduced by the highest outstanding loan balance from the Plan during the preceding 12 months. The minimum loan amount is \$1,000. The loans are made at interest rates equivalent to those being charged on similar commercial loans with terms from one year to five years, including loans for the purchase of a primary residence, which can have terms of up to 30 years. Participants may no longer make post-tax contributions into the Plan; however, they may withdraw previously contributed post-tax amounts at any time.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

(b) Income Taxes

The Internal Revenue Service issued a determination letter, dated October 11, 1995, stating that the Plan was designed in accordance with applicable Internal Revenue Code requirements as of that date. The Plan has been amended since receiving the determination letter. However, management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2001 and 2000.

(c) Valuation of Investments

The Plan's investments are stated at fair value in the accompanying financial statements. The Company's common stock is valued at its quoted market price. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of the net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

SEI INVESTMENTS CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(3) Investments

The fair market values of individual assets that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2001 and 2000 are as follows:

	2001 -----	2000 -----
SEI Stable Asset Fund	\$ 10,487,239	9,617,505
SEI Large Cap Value Fund	19,082,063	18,553,540
SEI Small Cap Growth Fund	17,598,977	19,386,634
SEI Large Cap Growth Fund	19,545,006	25,626,408
SEI Diversified Global Stock Fund	--	7,315,093
SEI Investments Company Common Stock Fund	29,173,625	28,214,877

During 2001, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by (\$16,967,017) as follows:

	2001 -----
Mutual funds	\$(13,603,425)
Common stock of the Company	(3,363,592)
Net depreciation in fair value of investments	\$(16,967,017) =====

(4) Plan Expenses

All administrative costs of the Plan are paid by the Company.

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of whole or partial termination of the Plan, or complete discontinuance of employer contributions, each participant shall receive a total distribution of his or her account.

(6) Distributions to Participants

Distributions to terminated participants are generally made as soon as reasonably possible after notification. Distributions payable to participants amounted to \$1,919 and \$2,266 at December 31, 2001 and 2000, respectively.

SEI INVESTMENTS CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2001 and 2000

(7) Reconciliation to Form 5500

Distributions payable to participants are recorded as a liability in the Plan's Form 5500 and not recorded as a liability in the accompanying statements of net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

The following table reconciles net assets available for benefits per the financial statements to the Form 5500 as filed by the Company.

	2001 accrued distributions	2001 benefits paid	Net assets available for benefits December 31	
			2001	2000
Per financial statements	\$ --	5,449,765	120,387,157	127,191,177
Accrued disributions	1,919	1,919	(1,919)	(2,266)
Reversal of 2000 accrual for distributions	--	(2,266)	--	--
Per Form 5550	\$ 1,919	5,449,418	120,385,238	127,188,911

(8) Related Party Transactions

All investments of the Plan are in mutual funds sponsored by the Company and common stock of the Company. Therefore, these investments and transactions qualify as party-in-interest transactions.
