#### Item 8.01 Other Events

The Company has an investment in the general partnership LSV Asset Management (LSV), a registered investment advisor that provides investment advisory services to institutions, including pension plans and investment companies. LSV is currently an investment sub-advisor for a number of SEI-sponsored mutual funds. The Company's total partnership interest in LSV was approximately 43 percent as of March 31, 2009. LSV Employee Group is owned by several current employees of LSV and was formed for the sole purpose of owning a partnership interest in LSV. The Company does not own any interest in LSV Employee Group.

In March 2009, certain partners (the Contributing partners) of LSV, including the Company, agreed to designate a portion of their partnership interest for the purpose of providing an interest in LSV to a select group of LSV key employees. Until such time an interest in the partnership is issued, all profits, losses, distributions and other rights and obligations relating to such unissued interests remains with the Contributing partners. Each issuance must be authorized by unanimous vote of all Contributing partners. As of March 31, 2009, the Contributing partners did not issue any interest in LSV.

In April 2009, the Contributing partners agreed to provide certain LSV key employees an interest in LSV, resulting in a reduction of the Company's interest in LSV to approximately 42 percent. Effective April 1, 2009, the Company will deconsolidate the assets, liabilities, revenues and expenses of LSV and account for its interest in LSV under the equity method of accounting. The Company's indirect eight percent ownership interest in LSV due to the unsecured loan guaranty provided to LSV Employee Group remained unchanged. The Company will continue to consolidate the accounts of LSV Employee Group.

#### **SEI Reports First-Quarter 2009 Financial Results**

OAKS, Pa., April 23, 2009 – SEI Investments Company (NASDAQ:SEIC) today announced financial results for first-quarter 2009, reporting decreases in revenues, net income and earnings per share compared to first-quarter 2008. Net income attributable to SEI during the first-quarter 2009 was negatively affected by a \$14.4 million pre-tax charge (approximately \$.05 per share post-tax) for previously disclosed structured investment vehicle-related issues.

		Ended March 31,		
Consolidated Overview				
(In thousands, except earnings per share)	2009	2008	%	
Revenues	\$248,611	\$333,908	(26%)	
Net Income attributable to SEI	34,200	48,946	(30%)	
Diluted Earnings Per Share	\$ .18	\$ .25	(28%)	

"The severe downturn in the capital markets continues to make business conditions challenging and had a significant negative impact on our first-quarter financial results," said Alfred P. West, Jr., SEI Chairman and CEO.

"In addition to the resizing and cost reductions we accomplished in the first-quarter, we are continuing our efforts to improve overall productivity through process re-engineering. At the same time, our positive cash flow allows us to maintain a strong capital base and balance sheet while we implement our longer term strategies.

"In these times, it is especially important to focus on our clients' well-being and success. We are firm in our belief that what we are doing today will significantly benefit our clients and SEI both today and in the future."

#### **First-Quarter Business Commentary:**

- Revenues were down across all segments due to the continued decline in the capital markets. The Institutional Investors and Investment Managers segments partially offset the negative capital market impact with new business growth.
- The first-quarter 2009 results include losses of \$14.4 million associated with SIV-related issues involving SEI-sponsored money market funds. SEI has recognized cumulative losses of \$197.7 million associated with SIV-related issues involving SEI-sponsored money market funds. Additional information related to this, and about the capital support agreements, is contained in SEI's 2008 Form 10-K filed February 25, 2009.
- In March 2009, SEI purchased the remaining Gryphon notes held by SEI-sponsored money market funds for \$194.9 million. SEI borrowed \$195.0 million on its credit facility in order to finance the purchase of the Gryphon notes. As a result of this purchase, SEI's obligation under the Capital Support Agreements was reduced by \$116.0 million to \$57.9 million as of March 31, 2009.
- SEI recognized \$6.3 million of one-time employee termination costs in the first-quarter 2009 associated with a reduction in workforce.
