"The severe downturn in the capital markets made the fourth-quarter a particularly challenging one and had a significant negative impact on both our quarterly and annual results," said Alfred P. West, Jr., SEI Chairman and CEO.

"Furthermore, the current market and economic environment promises to make 2009 challenging as well. In light of this, our current focus is on maintaining a strong capital base and balance sheet. Fortunately, we continue to produce positive cash flow which permits us to stay the course in the implementation of our strategies.

"During these times, we will work hard to improve our business and its results and to focus on our clients' well-being. We are firm in our belief that what we are doing will provide our clients with opportunities for success and position us to prosper as times get better."

(1) Includes \$1,806 for the three-month period ending December 31, 2008 and 2007, and \$7,222 for the twelve-month period ended December 31, 2008 and 2007 of amortization expense related to intangible assets owned by LSV Employee Group LLC. The amortization is offset through Minority interest since SEI does not have any ownership in LSV Employee Group LLC.

Fourth-Quarter Business Commentary:

- Revenues were down across all segments due to the severe decline in the capital markets. The Institutional Investors and Investment Managers
 segments partially offset the negative capital market impact with new business growth.
- Operating results were positively affected by reduced compensation costs in all segments except LSV. Other income represents a one-time benefit related to interest expense previously recorded.
- The company's percentage ownership in LSV remained at approximately 43 percent. In the fourth-quarter 2008, the company recognized \$16.9 million as its portion of the earnings from LSV versus \$30.6 million in the fourth-quarter 2007.
- Assets under management declined by \$27.5 billion during the fourth-quarter 2008 to \$134.3 billion, primarily due to market depreciation.
- The fourth-quarter 2008 results include a \$61.6 million non-cash charge related to money market funds support agreements and a \$2.7 million charge related to the decline in fair value for SIV securities purchased from an SEI-sponsored money market fund. SEI has recognized losses of \$158.2 million during 2008 and cumulative losses of \$183.3 million associated with SIV- related issues involving SEI-sponsored money market funds. Additional information about the capital support agreements, including the total principal amount as of December 31, 2008, is attached to this release and is also contained in SEI's 2007 Form 10-K filed February 26, 2008 and SEI's 2008 third-quarter Form 10-Q filed November 10, 2008, and SEI's current report on Form 8-K filed December 2, 2008.

Fourth-Quarter Business Commentary: (continued)

- In the fourth-quarter 2008, SEI's effective tax rate was about 50 percent. The effective tax rate was affected by a higher than usual state tax rate of about 14 percent due to the uncertainty of the future use of the SIV losses for Pennsylvania state tax purposes because of net operating loss carryforward limitations.
- In the fourth-quarter, SEI purchased 1,110,000 shares of its common stock for \$16.6 million.
